HEMLOCK SEMICONDUCTOR Community and Regional Empowerment (CARE) Fund 2025 Grant Application

Hemlock Semiconductor's (HSC) commitment to the community is guided by their core values: teamwork, responsibility, excellence, and customer focus. These principles drive them to create meaningful and lasting impacts in the communities where their employees reside.

HSC's efforts are built on four key pillars that define their approach to community engagement and grantmaking:

- Energize: HSC employees actively energize the community through volunteer service.

- Create: HSC is dedicated to creating a vibrant and thriving hometown.

- Build: HSC is invested in building a diverse and equitable talent pipeline to ensure a strong future.

- Power: HSC will transform communities through the power of silicon technology and sustainable solutions.

The HSC Community and Regional Empowerment (CARE) grant provides financial support to schools, units of government, and 501(c)(3) organizations for projects and programs that align with HSC's values and purpose: transforming lives by connecting and energizing the world through silicon technology. Funding is available in two categories:

- Local Projects and Programs: Up to $10,000 in funding

- Regional Programs and Projects: Up to $30,000 in funding

CARE Grants focus on supporting initiatives that demonstrate a commitment to improving quality of life, STEAM (Science, Technology, Engineering, Arts, and Mathematics), and workforce development, but they are not limited to these areas. Projects and programs addressing other community needs that align with HSC's values of teamwork, responsibility, excellence, and customer focus are also encouraged.

General Information

Legal Name of Applicant: *

[   ]

This should be the same name as the one on the IRS tax determination letter

Common Name of Applicant:

[   ]

If different from above

Applicant's E.I.N. Number: *

[   ]

Website Address:

[   ]

Contact Name and Title: *
